

## AFRICOLOGY® products

As Africology® is considered as a leading natural, eco-friendly and holistic spa and skin care company in South Africa, naturally Rhulani had to get their hands on the therapeutic spa and hotel amenity products. Rhulani would like to spoil their guests with luxury bathroom amenities and massage oils which allow you an authentic African spa in the room experience whilst being kind to the earth.

Through the passionate help of Africology®, Rhulani can now offer an even better chance to complete relaxation and by doing so also lending a helping hand in the conservation of our African bush life and nature.
