Madikwe Game Reserve

Madikwe is one of the largest game reserves in South Africa. The reserve is well known for its abundant wildlife (including the "Madikwe Top 10") and diversity of habitats, ranging from the perennial Marico River, to its large open plains, woodlands and steep cliffs, to the Dwaarsberg Mountains which stretch across the southern border.

All private guest lodges offer visitors a unique and personalised adventure in the real African bush, going every extra mile to ensure their Madikwe memories linger for years to come. There are no day-visitor facilities in Madikwe and the reserve is only open to those who have made a booking at one of the lodges, which ensures that all guests are able to enjoy an exclusive safari experience.

Our game drives

Our game drives take place in the Madikwe Game Reserve (Big 5 Reserve) under the guidance of qualified rangers in three open land cruisers. The allocation of the guests to the vehicles is under the responsibility of the ranger. We consider the customer wishes as much as possible, in order to ensure that groups and families stay together, and that there will be sufficient space on each vehicle. The maximum number of guests on a vehicle is 7 (seven), so that the middle seat will be left free, for the comfort of the guests. In order to respond to exceptional situations, such as unexpected unavailability of a vehicle, we maintain the right of using the maximum capacity of 10 (ten) guests per vehicle.

Morning game drive departs from reception between 5.00am (January) and 6.30am (July). Afternoon game drive departs after High Tea between 3.00pm (July) and 4.30pm (January). Each safari takes 3 to 3.5 hours. Please note that the departing times of game drives are subject to seasonal changes and depend on weather conditions. Exact departing times are communicated to the guest at check-in.

The booking of a private vehicle or an additional bush walk can be requested and reserved in advance (additional costs).

Children policy

- Children of all ages are welcome!
- Children < 12 years are permitted on safari at the sole discretion of the field guide; children < 6 years are not permitted on safari, except if on a private vehicle. Even on private vehicle safety needs to be considered. The ranger decides whether certain animal sightings can be viewed whilst accompanied by small children. A short bumble drive can be organized for smaller children not joining game drives
- Complimentary children's kit, kiddie's corner (toys DVD's, etc.), children's menu option, babysitting service is available
